

QUICK

hair extension

When brushing, start at the bottom and work your way up. Brush 3x per day.

Brush your extensions before getting them wet. Wash 1-2x per week.

Wash your extensions using products listed here: [My Amazon Storefront](#)

The longer between shampoos, the more lather/rinse cycles needed.

Blow dry your extensions at the root and never go to bed with wet extensions.

Sleep with your hair in a braid or twist to avoid tangling and for easier styling.

Minimize the use of hot tools (max 360°) and always use a heat protectant.

Oil the ends of your extensions to keep them hydrated.
